**STAGE
LINE**®

STAGELINE® **SL** SERIES

Reality beyond fiction. The ingenious design – a custom trailer capable of multiple stage configurations – boasts as much innovation in terms of scenic equipment as it does for on-the-road performance.

Stageline® units are customized to be compatible with the most advanced screen systems.

THE STAGELINE® SL 200/250 FACTS

- Set-up 1 hour/1 technician*
- Stage sizes: SL-200 30' x 24' (9 m x 7.3 m)
SL-250 32' x 24' (9.7 m x 7.3 m)
- Fiberglass roof strong enough to:
 - stand 24' / 7.3 m above ground level
 - bear loads of 12,000 lbs / 5,500 kg and sound wings up to 2,000 lbs / 1000 kg per side

* Ideal conditions prevailing

THE STAGE

- Deck and roof all pre-assembled
- No crossbraces to add
- Up to 90% reduction in time and manpower
- Trailer cargo capacity 16,000 lbs / 7,000 kg
- Banners install rapidly
- Trailer is a moving billboard
- Up to 90% less pre-production logistics

In a line of models hailed for their mechanical ingenuity and phenomenal design, the Stageline® SL 300/320 stand out for their size and versatility. A highly functional design permits various available heights, and the Stageline® SL 300/320 can be unfolded into three popular configurations, all of them featuring incredibly fast set-up.

With these Stageline®, the days of time-consuming hard work are over. And the best news is that the greatest stage on the market is also the greatest value on the market.

Rockola Tour, Mexico

SL 300 – 40' x 40' / 12 m x 12 m
